## Skills

---

MERN Stack, Next.js, Nest.js, JavaScript, PHP, Java, Android Programming, C#, C, MySQL, Microsoft Office, Git

## Experience

---

### Full Stack Developer

QuetzalShiva Gaming | Digital Dispatch Group • Remote

07/2024 - 04/2025

- Engineered frontend applications with Next.js, delivering seamless and responsive user experiences.
- Designed and optimized backend systems using Node.js and PostgreSQL for efficient data management.

### Teaching Fellowship

Deerwalk Institute of Technology | Edutech Nepal • Chaurjahari, Rukum (West)

11/2024 - 12/2024

- Revitalized school's computer lab by configuring operational systems and proposing solutions for damaged hardware.
- Trained students (grades 6-10) and teachers in computer literacy, emphasizing typing skills and productivity tools (MS Word, PowerPoint).
- Lead workshops on troubleshooting and computer usage, boosting digital proficiency in a rural setting.

### Full Stack Developer

Deerwalk Compware • Kathmandu, Bagmati

12/2023 - 07/2024

- Developed responsive frontend interfaces and robust backend systems, ensuring seamless integration for web applications.
- Collaborated with designers to implement UI/UX designs, optimizing performance across browsers and devices.
- Enhanced Deerwalk Jobs portal ([jobs.deerwalktrainingcenter.com](https://jobs.deerwalktrainingcenter.com)) with clean, maintainable code using Next.js and Nest.js.
- Conducted code reviews and debugging to uphold high-quality standards.

## Projects

---

### Inventory Management System

- Built a web-based tool to track stock and sales using PHP, MySQL, HTML, and CSS.
- GitHub: [github.com/sanskar2057/Inventory-Management-System](https://github.com/sanskar2057/Inventory-Management-System)

### Deerwalk Jobs Portal

- Co-developed an IT jobs platform for Nepal using Next.js, Nest.js, and MongoDB.
- Website: [jobs.deerwalktrainingcenter.com](https://jobs.deerwalktrainingcenter.com)

## Portfolio

- Developed my portfolio website using Next.js
- Website: [github.com/sanskar2057/sanskar](https://github.com/sanskar2057/sanskar)

## Encrypted LAN Chat App

- Developed an end-to-end encrypted chat app using Java, socket programming, and AES encryption.
- GitHub: [github.com/sanskar2057/ChatApp](https://github.com/sanskar2057/ChatApp)

## Wordle Game

- Created an interactive word game with JavaScript, HTML, and CSS.
- GitHub: [github.com/sanskar2057/Wordle](https://github.com/sanskar2057/Wordle)

## Education

---

### Bachelors in Computer Application

Deerwalk Institute of Technology • Kathmandu, Bagmati

11/2024

Earned full scholarships in multiple semesters for academic excellence.

## Certification

---

- [Project Management Foundations certified by Project Management Institute \(PMI\)® | National Association of State Boards of Accountancy \(NASBA\) | LinkedIn Learning](#)
- NodeJS | Deerwalk Institute of Technology
- Adobe Photoshop | Deerwalk Institute of Technology
